

## A strategic partner you can trust

- > Since 1883, PPG Industries, Inc. has been a leader in providing innovative products and solutions for automotive, construction, manufacturing, chemical, and various other global industries.
- > PPG products are recognized around the world. Our company has been the recipient of numerous awards as a preferred supplier and technological innovator. PPG has been a winner in the PACE Awards program, sponsored by *Automotive News* magazine and Cap Gemini Ernst & Young, to honor global automotive suppliers for product innovation and management excellence. PPG is the only coatings manufacturer to receive four awards since this program began in 1994.
- > A FORTUNE 500 company, PPG operates its world-class operations through 120 major manufacturing plants, seven research & development facilities, and customer contact centers worldwide.
- > PPG Industries is the largest North American provider of Automotive Replacement Glass products, and a world leader in Automotive Refinish Coatings to the auto collision industry.
- > PPG's position in the automotive aftermarket allows for a greater level of strategic partnership opportunities with our insurance customers by matching auto service providers with our clients' existing or newly developed claim handling programs. Two such branded programs, *PPG PROSTARS*® Certified Auto Glass Technicians and *CertifiedFirst*® Network of collision repair centers, are professionals that have been trained in the proper use of PPG's quality automotive products.

PPG and  
LYNX Services –  
offering true strategic  
opportunities

## PPG Overview

PPG also has a large presence in the residential construction and repair marketplace through our participation with products such as paints and stains (*Olympic*®, *Lucite*®, and *Pittsburgh*® Paints brands to name a few), architectural glass, fiber glass reinforced materials for construction applications, wallboard products, shingles, and a variety of other building resources.

We are a company that is well capitalized and positioned to grow to meet our customers' needs. Your customers and service providers know and use our products. You can trust us to be there to provide industry-leading solutions well into the future.

PPG: Over a century of excellence you  
can rely upon
